Dear Trinitarians,

As COVID-19 safety measures continue to ease, should you gather in homes for Connect Group Meetings, do remember to observe the safety measures at all times.

- no more than 5 visitors
- observe safe distancing

With regard to our worship services: Advisories state that from Oct 3, places of worship may conduct services up to 100 persons, however singing and other live performances are still not permitted during the service.
Worship is an integral part of our theology and practice of our faith. Hence it is difficult for us to resume onsite services. As such, we will continue to gather with our families at home and worship the Lord through our online services.

There will be more Trinity Academy classes on site as provisions are given to us. Do look out for them.

Let’s keep praying for the eradication of COVID-19, and wisdom upon the leadership as we continue to dialogue with authorities for a safe reopening of churches.

Blessings,
Lead Pastor Dominic Yeo
